Confirmation No. 5111

Dear Ms. Graffeo,

In response to your action mailed 08/25//2005, I submit the following:

“A method of the treatment of the hardened mucus deposits of nasal cavities comprising to a subject in need of such treatment a composition of 1% of Hydrocortisone 10, present in the amount of 50% of the total composition and Original Neosporin Ointment , that contains in itself as main ingredients Neomycin, Polymyxin, and Bacitracin Zinc, comprising another 50% of the total composition wherein a therapeutically effective amount of the composition is applied in the nasal cavity of subject”.

This composition of mine has unexpected results and will provide relief to millions of people exposed to cold weather and hard winter conditions.

I kindly ask to revise my application.

If there are any fees associated with this correction, it will be paid by me as required per your request.

Thank you.

Anatoly Kogan
